CHICAGO April 8.—Although the wheat market promptly responded today to the bearish crop figures from Washington. prices soon railled to a considerable extent. Freezing weather, especially in the southwest, tended to induce a good deal of buying. Many traders also were discounted in advance. Quotations after opening 1/2 to 3/4 lower, railled to nearly Monday night's level.

Corn rose on account of the absence of selling pressure. The few speculators who expected weakness in sympathy with wheat were quickly forced to cover. Prices opened a shade of to 3/4 up, and then made a material advance all around. Unfavorable seeding conditions put firmness into oats. Besides, the market was inclined to follow the bulge in corn. Provisions went higher with hogs. First sales were 2½55 to 7½ up, and there was no sign of any important reaction.

Contributions by noon today had reached a sum in excess of \$600 and are still coming in. Two thousand dollars is the amount aimed at and hoped for. If the entire amount does not come in in the form of cash, it is not come in in the form of cash, it is hoped that the balance may be made up in the form of contributions to the "pound party" that is scheduled for tomorrow, the last day of the exhibit. Groceries, provisions and staples of all kinds useful for babies, will be thankfully received, and may be laft at the exhibition rooms on 14th left at the exhibition rooms on 14th street. * People just cannot resist those babies

People just cannot resist those bables. One stalwart policeman who refused to give his name made no less than five trips of inspection of the premises yesterday, and left a contribution each time. He just couldn't stay away, and nobody wanted him to. A small chewing-sum seller, hardly more than a baby himself, solemniy proffered a grimy nickel in a grimier paw, which was accepted in the spirit it was given.
